## From the Editor

Well that is the first quarter of the year gone by. It is quite frightening how quickly time goes by especially when you are enjoying yourself.

On Sunday 7th April it will be the Dafodil Festival at Monks Kirby and our chairman has asked me to remind you of this as it would be nice to be supported by our members. Don't forget to bring along some of your turned pieces either for sale or just to display, but be sure to put a sticker on the bottom of the piece with the price, or marked display only and of course your initials.

Easter Sunday is 21st April and we will hopefully be demonstrating and selling to the public over two days at Coombe. Hot on the Heels of this event will Be Woodworks@Daventry on Fri 10th and Sat 11th May and I am sure you will want to help out at this event. Just ask a member of the committee what they need help with.

If you fancy a drive into Oxfordshire the ToolPost open house is on Sat & Sun 1st and 2nd June.

Oh dear it appears I have fast forwarded to virtually the half year mark. As I said at the beginning, How Time Flies when you are enjoying yourself.

Graham

## Vice Chairman's Jottings

### Introduction

Following from the AGM where Marlene gave notice of giving up her role as secretary from next year and prompted by a member asking if there was a job description for the role of secretary the following role descriptions have been drafted.

Bob Packer

The aim is to formalise and document the roles club members already perform not to alter them in any way.

This article is the first of two (probably!) as this task is currently on-going that documents the various club roles. The role descriptions detailed below are intended provide a starting point from which they can be developed further to fully define the roles accurately. They also provide a form of check list of the duties for a given role.

### Club Leadership Structure and Duties of Executive Officers

The club's leadership structure, ordinarily set out in its bylaws, is largely a matter of custom, preference, and practicality. The critical leadership positions are the Chairperson, Vice Chairperson, Secretary, and Treasurer. These roles form the executive committee which is responsible for producing a long-range plans and policies for the club and acts on behalf of the club between club general meetings. Listed below are the most common officers found typically clubs and their specific duties. It is proposed that the work of the Executive Committee will be supported by working groups (WG) formed by club volunteers where one of whom will act as liaison between the WG and the executive committee. Working group liaison officers will only be expected to attend committee meeting if they have matters to raise of if requested to do so by the executive.

## **CAWT CLUB COMMITTEE ROLES AND RESPONSIBILITIES PART 1 EXECUTIVE OFFICERS**

## Chairperson

### Qualities

The chairperson must be:

Enthusiastic and motivating

Dedicated and determined to plan and carry through an ambitious program of regular club activities.

A strong and objective leader

A confident and good communicator able to represent the club at external meetings and events

Able to ensure meetings run smoothly and efficiently

Easy to approach with good listening skills

Well organised and happy to delegate

### Responsibilities

Provides leadership and direction to the club organization

Understands and adheres to the Club rules and by-laws

Liaises with the AWGB

Presides at meetings of the club and oversees the activities of the executive committee

Coordinates club activities through the executive committee and associated working groups

Establishes short and long-range objectives and goals in conjunction the executive committee and associated working groups

Structures the organisation of conjunction the executive committee and associated working groups to ensure the continued development of the club

Represents the club at meetings with external organisations

Promotes the club by planning activities in conjunction with the Coombe Park authorities and other organisations

Has overall financial responsibility for the club;

Approves all club communications;

Maintains regular contact with the visitor centre management regarding club activities and aspirations

Produces an annual report for the club's AGM.

When completing term as chairperson or stepping down before term is over:

## **This Months Newsletter Sponsor.**

Terry Smart of “**Chestnut Products**” has very kindly once again agreed to sponsor this months Newsletter. Chestnut Products became the first company to sponsor the Coombe Abbey Woodturners Newsletter in March 2006 and this has helped the club enormously. A large proportion of our club membership use the Chestnut wood finishing products myself included. We are very fortunate to have a Chestnut agent as one of our club members (Eric Taylor) making it very easy to acquire these excellent products. Please support our sponsor by purchasing from them, and don't forget to tell them that you saw their advert in “The Coombe Abbey Woodturners Newsletter”.

*Editor*

### **Chestnut Products A Company Profile**

Formed in the last decade of the twentieth Century, Chestnut Products have quickly become a well known and trusted supplier of quality wood finishes with a special emphasis on products for woodturners. Used by professional woodworkers and enthusiasts alike Chestnut Products' finishes are often to be seen being used on their own stand and by independent demonstrators. The range covers most finishing requirements, from staining and waxing to sealing and polishing.

## Forthcoming Demonstrations

On Thursday, April 4<sup>th</sup>, our own club member John Whittle will be demonstrating at Shilton Village Hall.

John intends to turn a shallow bowl from sycamore and will then demonstrated various texturing techniques. He will then decorate the bowl using ebonizing, spirit based dyes and create metallic effects with silver paste wax.

We look forward to a very interesting evening.

### Hands-on Sessions

Interest has been shown in tool sharpening and methods of finishing work. Ad yet there are insufficient numbers to run a session. If you are interested in learning these techniques, please pass our names on to Colin Grundy either using text to 07946841157 or email via Marlene Whittle.

### 9th April 2019

#### Focus on Finishing - With Woodturner Gary Rance!

10am-4pm for a Focus on Finishing in store we will have:

- Chestnut Products & Gary Rance • Eichen Resins
- Citronus Guitars • Protek

### 10th April 2019

**Triton Tools & Rockler USA Demonstration Day!**  
10am-4pm Triton & Rockler will be here demonstrating their range of products in store, see the tools in action in Yandles Toolshed!

### 11th April 2019

#### Behind The Scenes Tour of Yandles

Join us at 2pm for a special behind the scenes tour of Yandles, including our iconic, working sawmill! Limited spaces are available so booking your place is required, the tour is completely FREE of charge & will last approximately 2-hours.

Meeting in our Coffee Shop at 1:45pm, the tour will begin at 2pm - We will start with a talk on the History of Yandles & how it all began, visit Yandles Hobbies & Crafts shop, see the Yandles iconic Sawmill. See how the Timber is cut, dried & prepared, walk through our Timber drying sheds & see the decommissioned crane. The tour will then go onward to our prestigious Gallery & into our Tools & Machinery shop. The tour will come to an end inside our Self-Selection Timber Store.

The tour will be led by Yandles Managing Director David Mounstephen whose family have been running Yandle & Sons LTD for generations.  
BOOKING IS REQUIRED

### 12th April 2019

#### Record Power Roadshow & Sale with Special Guests!

This year, along with the usual Record Power Team, we will also have:

- Martin Saban Smith from Hampshire Sheen

- William Hunt from Yorkshire Grit
- Chris Pouny from Robert Sorby
- Larry Chant from 'a cut above'

We will have one-off, exclusive Show Deals Available + Save 15% Off All Self-Select Timber & demonstrations throughout the Day including: Sharpening, Bandsaws, Woodturning, Finishing & end grain chopping board production! 10am-4pm in the lookshop.

### 13th April 2019

#### Record Power Roadshow & Sale with Special Guests!

This year, along with the usual Record Power Team, we will also have:

- Martin Saban Smith from Hampshire Sheen
- William Hunt from Yorkshire Grit
- Chris Pouny from Robert Sorby
- Larry Chant from 'a cut above'

We will have one-off, exclusive Show Deals Available + Save 15% Off All Self-Select Timber & demonstrations throughout the Day including: Sharpening, Bandsaws

### 14th April 2019

#### Handmade Craft Market 2019!

Offering 30 pitches to makers, artist, Woodturners & designers selling all manner of quality handmade pieces.

### 16th April 2019

#### Focus on Joinery

See how the Timber is cut, dried & prepared, walk through our Timber drying sheds & see the decommissioned crane. The tour will then go onward to our prestigious Gallery & into our Tools & Machinery shop. The tour will come to an end inside our Self-Selection Timber Store.

The tour will be led by Yandles Managing Director David Mounstephen whose family have been running Yandle & Sons LTD for generations.  
BOOKING IS REQUIRED

## THE MAIL ORDER ABRASIVE SPECIALISTS

Sanding needs as much care as construction and design. As much care needs to be taken in sanding as in the construction of a piece of work. A few minutes poor sanding technique can irreversibly destroy great craftsmanship and many hours work.

### THE ULTIMATE ABRASIVE! RB406 J.FLEX. TRIAL PACK

1M OF CLOTH IN EACH OF THE FOLLOWING GRITS.

P80, P120, P240 AND P320 **£14.75** INC VAT ORDER CODE **12806 RB406**

J.Flex is the best abrasive for every workshop. It's ideal for turning, woodworking and metal working. The distinctive blue abrasive the yellow backing is the softest and most flexible abrasive we have ever discovered. The ultimate abrasive for all kinds of woodworking, especially sanding in acute areas. This cloth can be twisted and folded without grain dis-adhesion. Rolls are 100mm wide.

ALSO AVAILABLE BY THE METRE.

### VELCRO-BACKED ROLLS.

TRIAL PACK 1M OF P100, P150, P240 AND P320 PLUS A SAMPLE STRIP OF VELCRO REPLACEMENT WITH PEEL OFF SELF ADHESIVE BACKING. **£14.75** INC VAT ORDER CODE 13159 ALSO AVAILABLE BY THE METRE. PLUS - IT PAYS TO BUY BIG.

WITH OUR BULK RATE PRICES YOU'LL SAVE MONEY ON THE GRITS YOU USE

Cut off any length to suit your own sanding application. Every workshop should have at least two or three grades of this to hand. Especially manufactured by Hermes abrasives for us. Ideal for those shop made sanding devices which you can now make to your own specification. Hook and loop, or velcro attachment does away with the unpleasant task of clamping the paper to the machine, allows rapid changing of the sheet and encourages the use of more grits extending the finish quality and life of the abrasive. Rolls are 115mm wide.

For your free catalogue call 01636 688888 or e-mail [sales@abrasivesplus.com](mailto:sales@abrasivesplus.com) or visit our on-line shop at [www.abrasivesplus.com](http://www.abrasivesplus.com) where all our products are featured and it's free

Have you got an envelope waiting for you at the workshop? If you've paid your membership and not yet collected your AWGB and Coombe Abbey membership cards then YES you have. It's waiting for you! Just come along any Tuesday, Wednesday, Friday or Sunday and ask a member of the committee for your envelope.

If you haven't paid your membership yet then make your cheques payable to Coombe Abbey Wood Turners, come to the workshop and pay Janine or any member of the committee.

Individual £26.00 (AWGB £18 + Coombe Abbey £8)

Family of 2 people £44 (AWGB £28 + Coombe Abbey £8 per person:  
extra people would pay additional £8 per person)

Even if you've paid come along and join us at the workshop we look forward to seeing you.

oOo

### Results of the Monthly Workshop Raffle

The 50/50 Club raffle sold 84 tickets = £42

Winning number is 162. Drawn by a member of staff at Coombe.

Which means ~~£21.00~~ paid to the winner.

The club receives **£10.50**

Air Ambulance receives **£10.50**

A Demonstration by  
Stan Bryan

At Walsgrave Baptist Church on Saturday 9th March 2019.  
*Words and Pictures by Janine Brindley*

Why not come along and enjoy the social side of the Coombe Abbey Woodturners like these members did on Saturday 9 March before the demonstration by Stan Bryan at the Baptist Church? This gives everyone a chance to meet up with those of similar interests and enjoy tea, coffee, bacon batch or a jacket potato as well as having a fabulous demonstration of woodturning.

Our thanks especially go to Phil Steele for bringing (and returning) the lathe from the workshop, Len Owen for setting up and working the cameras and Gill Steedman for doing a sterling job in the kitchen. Thanks to all those who helped set up the room and tidy away at the end.

While setting up we had an opportunity to view some of the exhibition pieces Stan brought along.

The morning was spent demonstrating how to turn a “thin lady”, an offset piece on a base with a hat. The picture on the right shows four examples that Stan brought. Stan kindly donated one of these for the raffle and also left two

kits for members to try their hand at making this interesting piece.

After lunch Stan set to work on making an open bind vessel, this is similar to a barley twist. I have tried to capture the stages of work in the following notes and pictures.

Stan worked on producing 6 open binds. The process, in brief, was Carefully mark up the guide lines, a very important part. Main points of contact marked then hollow out the Centre.

# Introducing the Brand New Range of Woodturning Chucks and Jaws

We are extremely proud to introduce the brand new range of Record Power woodturning chucks and jaws. This exclusive new range has been developed using Record Power's extensive experience and knowledge of woodturning in conjunction with a group of highly experienced professional and hobby woodturners, to bring you the ultimate in quality, versatility and value.

#### Precision Engineered Gears

Super Geared True-Lock™ technology ensures high levels of accuracy to provide smooth and solid operation.

#### Jaw Fixing System

The SC3 and SC4 feature a jaw fixing which will not only fit the Record Power series of Jaws but is also fully compatible with Nova and Robert Sorby brand jaws.

#### Heavy Duty Jaw Slides

The improved and enlarged jaw slides give unsurpassed holding power and load bearing ability. They are made from high tensile steel, reinforced with nickel and copper and heat-treated to ensure superior strength.

#### Sealed Backing Plate with Full Indexing

The SC4 features a strong backing plate to protect the gear mechanism from dust and 72-point indexing around the full circumference.

**Brand New Exclusive Jaw Range**  
Fully compatible with Nova brand chucks

### **Next Meeting**

#### **A Demonstration by John Whittle**

At Shilton Village Hall

On Thursday April 4th at 6.30pm

For more details see page 12

### **Pyrography at Coombe**

Following on from requests by members Janine ran two pyrography beginners sessions at the workshop on Monday 18<sup>th</sup> March and Thursday 21<sup>st</sup> March.

We concentrated on developing skills using varying heat settings, different speed of pen movements and using with or against grain of the wood to produce the different marks.

For those that attended they have now the chance to go away and practice some of the techniques discussed. If you didn't get chance to come along and would like a basic introduction to pyrography contact Janine and we'll organise another beginners session.

If you came along and want more then contact Janine and we'll arrange another session.

Janine: email [treasurercawt@yahoo.com](mailto:treasurercawt@yahoo.com)

### **Coming up**

#### **A Demonstration by John Boyne-Aitken**

Walsgrave Baptist Church 10am to 4pm approx.

Saturday May 4th., 2019.

Using an Arbortec and wearing a full face visor (be very careful this process is dangerous) Stan cut two of open binds then drilled out more of the Centre until it was the required thickness and smoothed out.

This was sanded out.

Then Stan cut open the remaining binds wearing the full-face mask again for protection.

Stan then used the guide lines as the centre for each bind and cleaned up the binds using a Proxom long neck mini grinder (still taking great care and wearing full mask)

He then used a rasp or Dremil with flexible drive to smooth out edges of the bind.

Once smoothed all binds he sanded them and smoothed them until he had the required shape and smoothness.

To finish off he sanded using 120 grit and reducing this to get the smoother finish as required.

Stan shaped the bottom, being careful not to cut where the binds are and finally cut a bead and removed from the lathe.

And on the right are some pieces he made before today's demonstration. ■

# HEGNER

## Get Creative...

Hegner scrollsaws are considered to be the most precise fine-cut saws in the world. They are suitable for professional woodworking and metal cutting in joinery, carpentry, tinsmith shops, metal workshops, model building, training compaines, sheds and art & crafts.

## Activities in the Workshop

Mike Facer, a new member of the club turned this box under the watchful eye of his tutor Lee Cartwright.

The “Dolls Crib” above was made by Phil Steele and the bed clothes were made by Edna Lomas. An excellent collaboration which will benefit the Air Ambulance as this Crib is the second prize in the club annual Raffle

In Store Demonstrations at  
**Axminster Tools & Machinery (Nuneaton)**

**Wednesday 10th April**

**2:00pm - 4:00pm**

Nuneaton Store -

**'Beat The Boredom' Easter Workshop - Scroll Saw Bunny**

Join us in store for the first of two 'Take Home' Easter 'Beat the Boredom' workshops. Our store teams will help your young, budding crafters create their own Easter Bunnies, using a scroll saw, sandpaper and pyrography.

**Wednesday 17th April**

**2:00pm - 4:00pm**

Nuneaton Store -

**'Beat The Boredom' Easter Workshop - Pyrography Egg**

The second of our 'Take Home' Easter 'Beat the Boredom' workshop focuses on pyrography, with our young crafters testing their creative skills by decorating an Easter Egg - with guidance and assistance from our friendly store teams.

\*Maximum of two children per adult, ages 7-14, all children must be registered to participate. Please register your interest through Eventbrite. Children must be accompanied by a parent or legal guardian at all times while in the store. All tools and materials provided at the event.

**Saturday 27th April**

**10:00am - 2:00pm**

**Nuneaton Store - Sanding - In Pursuit Of The Perfect Finish**

Skilful sanding remains the key to achieving an attractive and tactile finish to your project - bringing the best out of the natural features of the timber. From hand sanding to the latest power sanding machines, the technology keeps moving on, bringing improvements to abrasives, dust extraction and ergonomics. To help keep you up to date, our stores will be hosting a national sanding demonstration on Saturday 27th April.

We'll also be introducing a new range of Axminster Trade Wax products - providing a choice specially developed, high quality protective and decorative finishes.

At the demonstration, our store teams will be taking the opportunity to demonstrate the Fuji PaintWIZ Pro handheld spray system - another way to achieve a variety of easy-to-apply creative finishes.

Don't miss out on our 'Three in One' store demonstrations. See you there!

Full details of all our events can be found on the Axminster web page.

As always all the events are free to attend.

*Jade Haywood (Store Manager)*

# INTRODUCING THE NEW REVOLUTION

The "revolution" is a completely new hollowing system from the world leaders in fine turning tools. From its beautifully weighted handle to its cryogenically treated cutting tips the "revolution" is designed to be the finest hollowing tool on the market.

The modular articulated design allows the woodturner the freedom and flexibility to configure the tool for any situation. From straight vases to heavily undercut hollow forms the "revolution" has it covered.

At the heart of the "revolution" is the new fully depth adjustable "super ring" the revolutionary design of the "super ring" ensures clean efficient wood removal at all times with 5 different cutting tips and modular articulation design the revolution is a must have tool for all woodturners.

- Supplied with 5 different cutting tips for unrivalled flexibility.
- Clever modular design allows for many different configurations.
- All collets and collets beautifully machined from solid "marine grade" brass billet.
- High performance cryogenically treated cutting tips for vastly improved wear resistance.
- New adjustable "Super ring" allows ultra efficient wood removal without clogging.
- Slim-line articulated tip design for unrestricted access to those hard to reach cuts.
- Expandable.
- Hand made in Sheffield, England.

**Contact Gerald Griffiths on Tel: 024 7646 7765**

### **Wanted**

Multi Star Duplex Chuck jaws

Do you have this old chuck tucked at the back of the cupboard in your shed?

Being of the mind set, if it works, don't change it! I am happily using this old chuck but I only have the largest size jaws which is a bit limiting, I would love to have a smaller size jaw if anyone out there has one they would like to part with for cash.

Please contact Janet Blake on:-

## Woodturning Weekender

Well known finishing suppliers and magazine sponsors Chestnut Products are 25 years old! To celebrate they are throwing a party thinly disguised as a woodturning event. Called the Woodturning Weekender it boasts four top name demonstrators from the world of turning showing their skills and offering inspiration over two days, 3rd and 4th August 2019.

The Saturday starts off with Stewart Furini, known to many for his YouTube channel showing different decorative ideas and techniques backed up with a solid knowledge of 'real' turning - something often missing on some YouTube channels. In the afternoon the stage is taken over by Phil Irons who needs virtually no introduction.

On Sunday Gary Lowe RPT starts proceedings and is followed in the afternoon by Emma Cook (aka the Tiny Turner); both of them have a natural ability to convey their thoughts and demonstrate and will be producing some thought-provoking work.

During breaks, when the main stage isn't in use, there will be other demonstrations and displays going on around the hall and of

# Introducing the NEW Axminster Trade Ultimate Edge Sharpening System

The perfect machine  
for sharpening  
edge tools

Shown with the  
Honing Guide Assembly £23.95 105281

Compound Jig £49.96 103738

Sharpening Table £24.96 105426

Twist n Fix Arbor £24.96 105419

Additional Arbor £14.95 105420

Additional Arbor x 3 £29.95 720623

## Axminster Trade Ultimate Edge £379.96 Inc.vat Code 103474

With forward, reverse and variable speed giving greater control together with fast belt changes, the Ultimate Edge will revolutionise sharpening your woodturning tools. This quality machine is also excellent for restoring, rejuvenating and removing rust from old tools.

Add the Compound Jig to your machine and you can then fit a selection of Tornek jigs, Honing Guide Assembly and Universal Sharpening Table. The Twist n Fix Arbor allows for virtually instant changing of different mops, felt wheels and profiling wheels. Can be purchased as a single item or a set of 3.

A single speed version of the Ultimate Edge is also available  
£329.95 Inc.vat Code 103473

of the NEW Axminster catalogue.

course a chance to chat with the other turners there.

And it wouldn't be a birthday celebration without some sort of party, and that's on Saturday evening. There's no loud music and definitely no dance floor; instead there's a professionally catered barbecue, a pleasant social evening to mix with old friends and make some new ones too. All the demonstrators will be in attendance to chat to, plus staff from Chestnut Products (all three of them!). They also promise a few surprises during the evening and a grand finale at around 9pm, so don't sneak away early.

The event is being held at the Springfields Event Centre in Spalding, Lincolnshire, and tickets start at £20.

For more information visit:-

[www.woodturningweekender.co.uk](http://www.woodturningweekender.co.uk) or call Chestnut on 01473 890118.

### Gloucestershire Association of Woodturners.

April 9	AGM with Guest Speaker	
Contact	Mike Holliday	01452 523551

Coombe Abbey Woodturners were treated to a demonstration at their Shilton (Coventry) venue on Thursday 7th March by Terry Smart of “Chestnut Products”. Terry demonstrated various products including sealers, waxes etc. And the inset picture shows his demo piece which he sanded to a very fine state before using the chosen finish.

Terry fielded loads of questions from the gathered company and there could not have been one person present who did not learn something about finishing on the night.

It is recommended that if you have a computer then it would be beneficial to sign up for the weekly newsletter from Terry where a host of wood finishing questions are addressed.

Please see page 36 for details of the forthcoming Woodturning Weekender
