DRIVERS CONSENT TO DRUG & ALCOHOL TESTING

I understand that as required by Federal Motor Carrier Safety Regulations Parts 382 and 40, and Karriers Inc. drug and alcohol policy, I am required to submit to drug and alcohol testing as a condition of my employment (or contract) with Karriers Inc.

3. Damages and Shortages are your responsibility. Make sure that product count matches the Bill of Lading count. **Call dispatch before leaving** with the load if there is any damage. **DO NOT** sign bills without checking with Dispatch if there is damage. Take as many detailed photos of all damage as possible to help with any claims.
4. Fire Extinguishers **MUST** be charged and mounted.
5. Monthly Maintenance forms are required to be completed and turned into the office monthly. Turn in copies of receipts/invoices for all repair work done.
6. You are required to call dispatch **between 8am and 10am daily**.
7. You are required to call dispatch **before 4:00pm** if you foresee any load problems.
8. Office hours are 6:30am to 5pm M-F (closed from noon to 1pm)
9. Walk-in settlements are paid if all paperwork is received **before 4:30pm** M-F. Be sure to turn in all paperwork (lumper, toll receipts, temp sheets, and anything for the load) to prevent settlement delays or withholding.

ADDITIONAL INSTRUCTIONS FOR DRIVERS

1. Be sure to fill out trip envelopes accurately and completely.
2. Be sure to get the desired shipping temperature from the shipper and confirm it with dispatch to prevent erroneous information causing damage or shortages you will be responsible for. Be sure to have the temperature correct prior to loading and watch for attempts to load warm product. Call dispatch immediately if you think there are issues. Be sure to obtain and complete Karriers Inc. Temp sheets while on loads requiring them. **DO NOT LEAVE THE FACILITY** until you are confident load condition and quality is correct as appears on paperwork. 4. Check the product and cartons before loading. If product seems bad, cartons are crushed or leaning, call dispatch **BEFORE** you load. Leave enough room around product to ensure proper air circulation.
