Rahe stated that she has a contract with Fresh Cut for mosquito spraying for 2018 at a price of \$281.95 per spray with a minimum of 6 sprays. Rahe added that the other option is that the village purchased a fogger with the intention that we had a license holder with the electric departments replacement but that he has since left and we would have to get an employee licensed. Rahe added that the employee that would get the license has asked if he would be compensated hourly by obtaining the license. Yaniga asked if personnel has discussed the potential increase. Rahe responded that as an employee if any additional certifications are needed it would be a part of their job. Yaniga asked if it had been looked into on how other municipalities handled licensing. Yaniga added that the advantage to having an employee licensed to spray, is having control of the sprays and not interfering with businesses. Rahe stated that her concern is that the employee hasn't signed up for the class and what if he fails the test. Bailey added that her concern is liability issues and leans towards staying with Fresh Cut. Opelts' concern is employee availability with vacations and such. Rahe added that if we have an employee licensed to spray, we would no longer qualify for the EPA mosquito grant should it become available. Therefore, Rahe recommends that we maintain mosquito control with Fresh Cut for 2018 while looking into. Rahe moved and Opelt seconded to contract with Fresh Cut in 2018 at \$281.95. Motion passed unanimously.

Bailey:

Bailey reported that the Safety Committee met and discussed the purchase of a new cruiser. Chief provided 3 quotes to council and would like to purchase the sedan. Chief stated it is very similar to the current cruiser and has had no issues other than the normal maintenance. Chief recommends the sedan. It was asked when he would purchase the vehicle if approved. Chief stated this approved tonight, he would order tomorrow and we should receive it in about 2 months. Rahe asked the Mayor about the grant he had applied for last year and asked if we could apply again. Mayor stated the grant is no longer available.
