

Community Mental Health Well-being project update:

- Seven Residents have now completed the distance learning wellbeing course.
- We discussing offering face to face short workshops on subject such and mental health awareness, dementia and well-being.
- We are exploring the opportunity for members of the community council to train as community well-being coaches

Communication and Residents Engagement:

- Social Media sites are continually being updated, our Facebook page reached over 3000 people in the month of February. Twitter engagement is continuing to grow.
- Our Spring Newsletter will be delivered by the end of the week.
- The council have discussed increasing the drop-in sessions and plan to trial drop-in sessions at English Martyrs Church.

Traffic problem around Hilton School:

- Emailed the school to ask if there is anything the council can do in partnership with the school to address this issue and reduce the risk to the public and the damage to vehicles of local residents.
- In our next newsletter we will highlight the problem and encourage resident's to report the ongoing issues to the school, local authority and the Police if necessary.

Anti-social Behaviour

I am happy to report since our last meeting in February no incidents of anti-social behaviour has been reported to the Community council.

Community Council Development Day

The Community Council held its first development Day 7th March at Newcastle City Library. The day was a very successful and productive day. In the morning of the day we had two guest speakers which include updates on GDPR and Community Well-being coaching.

In the afternoon session Councillors spent time reviewing our grant process which induced amending and updating our current documentation. We also spent time reviewing our annual priorities and set the aim of our sub committees for 2020/21.

I would like to thank Councillors for attending and giving up their time on a Saturday to make the day a success.
