

RADFORD SEMELE PARISH MEETING
ANNUAL REPORT FROM SPORTS & SOCIAL CLUB

Overall the Club reports that it has survived well during the past year, with grateful thanks for several grants.

Though of necessity, due to Covid, being closed for the greater part of the year, much has been going on behind the scenes in terms of maintenance and changes in stocks of food/snacks and bottled drinks.

Changes also during the year in the Committee, with retirements but also new Committee members.

In conjunction with the Community Hall four CCTV cameras have been installed to the outside of the building for greater security.

April 14 saw the Club able to re-open, albeit on very limited hours and with the agreement of the Parish Council the it was able at present to extend the area in front of the Club, in order to welcome back members. It was anticipated that on the first day business may be rather slow, whereas in fact the Club had its busiest day ever !

Though 'normality' as we knew it may never return, it is hoped that as restrictions ease after May 17 opening hours can be extended.
