RULES & REGULATIONS

All animal health records must accompany the preregistration form or must be to the fair secretary no later than the Monday before the fair.

All exhibits must have been made or grown, with the exception of animals, since the close of the previous year's fair unless otherwise stated.

The Fair does not pretend to be, and positively will not be responsible for damage to, or theft of, any vehicle or its contents while said vehicle is parked within the grounds or other parking space.

LIABILITY NOTICE

In no case shall the fair or any of its officers or directors be held responsible for any loss, damage, injury or death by disease, theft or from any other cause of any character to any property while same is on the fairgrounds or any other time or place. The management hereby assumes no responsibility either as bailee or otherwise, for any property being brought or kept on said grounds.

If the property owners or others interested in the property desire protection against loss, damage or injury from fire or from any other cause, they must make their own arrangements, and pay for such insurance.

The general supervision of the grounds and the entire exhibition is vested in the president and board of directors of the association.

The duty of the superintendent of the speed department will be to see that order and decorum are preserved, that none of the rules of the association are violated and that the daily program is faithfully carried out. He shall superintend all exhibitions on the track, keeping record of all entries made and contests won, and labor faithfully to carry out his part of the program punctually and with strict impartiality.

The superintendents are expected to have particular charge of all matters in their respective departments, to receive and attend to the proper arrangement of everything intended for exhibition, to attend the judges in their examination, furnish them with prize badges and see that the program, as it involves their several departments, is faithfully carried out. They should

be upon the grounds as early as 8 a.m. on the first day of the Fair and every morning thereafter during the Fair.

All superintendents must remain in charge of their departments until the close of the Fair each day.

The fair officers authorize the letting of only such privileges or concessions as are required to supply the necessary wants of the people or that may add to their comfort, convenience and pleasure; but under no circumstances will privileges of a questionable nature or of a demoralizing tendency be let or tolerated upon the grounds or in the buildings, nor will any privileges be permitted where the business is conducted in other than a legitimate and trade-like manner and games must be approved by the Department of Agriculture and markets.

Privileges for erecting tenting or refreshment stands can be purchased by applying to the secretary or superintendent of concessions and privileges of the association at any time. All persons renting stands or leasing grounds for shows, booths or special privileges will be required to pay the rental in advance.

Purchasers of privileges must keep their spaces in a sanitary condition by removing them from any filth or refuse, and by placing same in the garbage can provided by the management, where the sanitation department and employees may get to it with ease

Concessionaires and their help must be neat and tidy in their dress. Persons found working at any privilege not complying with this section may be ordered from the grounds.

The management reserves the right to exclude from the grounds any person or persons who shall violate any part of the rules laid down by the fair officials.

PECIAL NOTE

All persons are notified that the fair grounds are private property, and any individual detected or known to have damaged locks or broken open buildings, removed boards from the enclosure, or in any other way trespassed upon or injured the property of this association, will be prosecuted to the full extent of the law (Sec. 442 W.S. L898).

The board of directors will take every precaution in its power for preservation of the articles and stock on exhibit, but the association will not be responsible for any loss that may occur.

Entries must be made on the books and tickets attached to the article before it will be entitled to a place.

Exhibitors must be sure their entries are correct and that the tickets correspond. Entries should be made with care and as early as possible. Corrections cannot be made after the books have gone to the judge.
