

THE NOMADIC CHRONICLES

“WITHOUT FREEDOM OF CHOICE, THERE IS NO CREATIVITY”

Commander Joel Robert EHL (Rob)

Captain's Log

27 JULY 2020

Greetings!

On behalf of myself and the command staff, I would like to welcome you to the ranks of the USS Nomad, a chapter of STARFLEET, the international Star Trek fan group.

It has been an extremely busy first month in Shakedown attempting to meet and surpass the requirements to become a commissioned ship.

But we have a handbook, we have a website, a Facebook page, a chat group individual e-mails that meet GDPR requirements, a MACO Unit and a Marine Unit. Not bad really.

Additionally, we have 2 new members this month, LTJG Judy Grant, the Ship's new counsellor and Chief Petty officer Nurse Jenn Grant. Welcome aboard!

Never forget the most important rule of being in a fan group.....HAVE FUN! Additionally, you will get out of this organization, what you put into it!

NOVA CLASS STARSHIP as it orbits the Planet

A little bit about the Nomad

The Nova-class NOMAD, NX- 72382 is our ship. The website has been created and gives a virtual tour of a Nova Class Star Ship. There are schematic, a history and much more.

Please visit Uss-nomad.ca to check out your ship!

The one main difference is building this version of a Star Trek ship was how to make it our own. So I did a simple change to use a Defiant Class Starship bridge.

Now as a service club, there is much to do and COVID-19 continues to be an issue. There are virtual fund-raisers out there. So as a group, I would like to see some submissions and maybe we can target some together.

I also have many contributing jobs available in the club if anyone would like (Promotion??)

RANKS

In Starfleet International there are two ranks Used. Naval ranks from the show and Marine/MACO ranks

It is in the manuals but for an example if anyone wonder's Paul's rank it is Lieutenant Colonel from the marines. It is equivalent to a Commander in Starfleet. Different rank insignia are used as well.
