Even using quick piecing methods, lone stars can be completely frustrating - and you can end up with a 'quilt' that is shaped more like a bowl than anything else! This one allows you to pull out your favorite large scale prin First, this is not your "typical" Lone Star Quilt book.

This one allows you to pull out your favorite large scale prints and fussy-cut your way to something completely new, in eight fussy-cut pieces. Shirley gives you a very simple formula to make the quilt whatever size you want, whether to fit a particular use, or to work with the particular fabric you want to show off. It is AMAZING what you end up with depending on not only the fabric, but by simply moving your template around to hit different portions of the fabric!

My favorite of the whole book? You could literally make one of these a week and keep going for years, never having any one quilt turn out the same. Very nice. Very clear instructions. Well worth checking out. Copyright , so it should be easily available.
