It is ideally suited for students who want to understand China's rapidly changing contemporary culture while perfecting their Chinese language skills. Three features together make the book more unique than many advanced texts on the market: word frequency rankings for the HSK, vocabulary building skills and reading skills. This edition includes engaging new lessons on important contemporary issues such as the Internet, the environment, and divorce in China. Each lesson includes more usage and grammar examples, explained in clear English. Built-in exercises focus on strategies for effective reading; a new Vocabulary Building Skills exercise also helps students acquire vocabulary more efficiently. The book encourages students to comprehend written texts as organized, coherent works.
