Envelope Converting & Manufacturing in Randolph, MA

As one of the top direct mail producers in the U. We make reaching your customer more efficient and effective. Our Commercial Envelope Group combines: We specialize in innovative envelope design and offer a wide variety of sizes, styles, types and seals. Plus, we can convert various paper weights. We do it all—from short print runs to long, simple designs, sophisticated graphics and much more. Cutting-edge technology We specialize in innovative envelope design and offer a wide variety of sizes, styles, types and seals. High-quality printing We do it all—from short print runs to long, simple designs, sophisticated graphics and much more.

At JBM, we believe the envelope should get just as much attention as what goes inside of it. We see all of the possibilities that can transform an envelope into a functional and creative vehicle that helps protect the contents, promote your brand, and streamline your operations. We began as an envelope company 35 years ago. And as the largest manufacturer of open end envelopes, we offer extensive options for your operational and branding needs — from drive-up and coin envelopes to a variety of specialty envelopes and mailers. Expand your envelope design options. We customize envelopes specifically for your market needs and help you think through the details of your application.

We add life to your envelopes by incorporating unique tactile elements from stocks, coatings, and specialty finishing such as embossing, unique folds and gussets, perforations, custom-shaped windows, and tear-off coupons for additional marketing opportunities. Our custom open end envelope innovations and high impact printing techniques have helped customers increase sales, improve downstream productivity, and create a stronger brand presence. Envelopes may be one of the most critical marketing tools for your product.

And it may be the first opportunity to engage recipients. There are many ways envelopes can get attention. JBM can produce captivating custom envelopes to enhance your marketing efforts. Our complex finishing capabilities make open end envelopes special and more interesting. Our expertise with premium printing applications and textural treatments such as embossing, strike through varnishes, soft touch and spot coatings will make your envelopes stand out. Combining embossing with printing will transform a relatively ordinary envelope into something more. Our embossed designs leap from the paper, creating a three-dimensional effect that draws you in. Our embossing precisely holds registration so you see the finer details that are sometimes lost in the printing process. Our envelope manufacturing workflow is turnkey start to finish. High end offset printing, die cutting, folding, and embossing — all in house and all under one roof — which decrease complexity and improve turnaround time, reducing your time to market.

Managing the process from raw materials to finished products ensures quality control and consistency. We follow GMP quality standards, required for the most stringent applications. Our high end state-of-the-art envelope folding equipment — combined with our mechanical engineering expertise — allow our production team to modify the equipment to hold tighter tolerances dimensionally. These process and quality tolerances improve downstream inserting efficiency and throughput, allowing your equipment to run faster and lowering filling labor costs. At JBM, we look at things differently. Our creative problem-solving approach and collaborative innovation process leads to product advancements that consistently achieve successful outcomes for our customers. Put our innovation to work for you.

How do they help you tell the story? The objects in the story become part of the visual landscape, and they often figure prominently in each page. Most of them are composites of real objects with imagined objects. One of the running gags in the book is that the equipment used in this company is completely obsolete. I wanted to create a certain type of machinery that looked old on the one hand, but also looked so archaic that it would be almost inconceivable to imagine these being modern or relevant in any era.

Cenveo's Envelope Group is one of the world's largest envelope manufacturers, producing one out of every three envelopes in the United States, with a wide variety of types and seals. Our facilities meet an assortment of customer demands, from short runs to long, simple graphics to the more sophisticated. As one of the top direct mail producers in the U. We make reaching your customer more efficient and effective. Our Commercial Envelope Group combines:

Home - Victor Envelope Company

He brokered envelopes until he realized that to really provide the service that he was looking for, he would have to start manufacturing envelopes himself. During the next thirty years this trio experienced tremendous growth in the industry as they expanded six times to the current , sq. In-house flat lithographic printing capabilities along with a dedicated work force that delivers as promised propelled Victor Envelope Company to the forefront of the fastest turn times in the industry.

During the rapid growth, National Data Label, a label manufacturer was formed along with the setting up of envelope manufacturing facilities in Tempe, Arizona Arizona Envelope Company. The most recent addition to the Victor family is a silk-screen, point-of-purchase printer under the name Thermo Graphic. Today, the companies are operated under the guidance of long time managers who learned from the founding partners how to deliver quality product in the quickest times and that still preach the Company motto, "Service..... Envelopes when you need them!".

About Us. People choose Victor Envelope because of our Our History. Interested in working for Victor Envelope? Check out our careers page to find out more!
