6 Styles of One-step Buttonhole

101 built-in stitch functions

The DC2200 boasts 30 built-in stitches, including 6 different styles of computerised auto-size buttonholes. With all these functions, the DC2200 is the perfect companion for any quilting, heirloom or home decor project.

Superior Feed System (SFS)

Superior Feed System consists of 7 piece feed dogs for smooth feeding of all materials.

Drop Feed Dog Lever

Easy drop feed dog lever for stippling or other free-hand techniques.

User-friendly 2-digit LED Display

Easy stitch selection with the user friendly LED display screen.

Protective Hard Carry Case

The hard outer case protects the machine and is ideal for storage, plus the pull up handle means your machine is easily portable.
