Good news from [LifeNews.com](http://LifeNews.com)! 500 babies have been saved from abortion. There is now a process where doctors can reverse chemical abortions for women who change their minds and want to have their babies.

They do not know the difference between "HER" truth and THE truth. From their press release: "Yesterday, Dr. Christine Blasey Ford bravely spoke *her* truth to the Senate and to the nation. Her accusations of

The NCJW is a pro-abortion secular group. Their members defend the slaughter of unborn children for any reason up to birth without restrictions. They strongly support the dangerous "Women's Health Protection Act," which would go so far as to remove restrictions that allow only licensed physicians to perform abortions. The back alley is back.

Halachic law prohibits abortion unless it

is to save the physical life of the mother. For more about the Jewish View on abortion, please visit my Pro-Life Judaism pages.

Radical pro-abortion Jewish organizations are JINOS, or Jewish In Name Only. They oppose parental notification laws, reasonable limits on abortions after 20 weeks (which most Americans support), the Pain-Capable Unborn Child Protection Act, and the minimal safety standards for abortion facilities that are mandatory for all other ambulatory surgical facilities.

They oppose reasonable regulations that would not only save babies lives, but protect women as well. These groups include the Religious Action Center of Reform Judaism, Hadassah, and Jewish Women International.

The midterm elections on November 6<sup>th</sup> are coming up very soon. It is critically important to get out the pro-life vote. Pro-abortion Democrats will do anything, including to ruin the reputation of an honorable judge – now Supreme Court Justice Brett Kavanaugh - to keep abortion legal.

The National Right to Life PAC has an updated list of all the pro-life candidates up for election. Here is the link: <https://www.nrlpac.org/endorse-states.htm>

We must get out the vote to keep the Senate and House RED. If you live in Texas, please vote for Sen. Ted Cruz. From the NRLPAC.org page:

"Ted Cruz is pro-life. He opposes abortion on demand, and supports protection for unborn children."

"Ted Cruz co-sponsored and voted for the *Pain-Capable Unborn Child Protection Act* (S. 2311), legislation to protect unborn children by prohibiting abortion at 20 weeks, a point by which the unborn child is capable of experiencing pain."

Beto O'Rourke's views on unborn children are clear. He is pro-abortion and supports taxpayer funding to kill unborn babies. Is there really anything else you need to know?
