

# BAPTIST INTERNATIONAL MISSIONS, INC.

DR. JOHN HALSEY INTERNATIONAL REPRESENTATIVE EMERITUS

May and June 2018

Dear Friends,

May and June were not good months for me. First, I pinched a nerve in my lower back which put me out of action. After chiropractic treatment and several weeks of physical therapy it appears I am over the back issue. Then I developed symptoms which my doctor believed were related to my heart. However, tests determined there were no issues with the heart or arteries. A Gastric specialist determined I had a severely irritated stomach. Stomach medicine seems to have cured that problem. Thankfully, it appears I am in good physical shape except for long standing problem with high blood pressure which medicine is controlling. All the above greatly limited my activities in May and June.

Please pray the Lord will keep us in good health and give us opportunities to present Grace Giving in churches. I am especially looking for opportunities to present The New Guinea Bible project to churches. It is exciting to hear how God is blessing. Scores are being saved through clear Gospel presentations to all the students that are receiving Bibles. Both Mission and national churches are growing. Note the picture below of the hundreds of students hearing the Gospel.

330,000 – Bibles in country currently  
255,000 – Bibles that have been distributed  
351 – Secondary schools in PNG  
305 – Secondary schools completed  
(+ 12 University/Colleges)  
22 – Provinces in PNG  
18 – Provinces completed  
4 – Provinces working in  
46 – Secondary schools still to do  
40% of finances for Primary schools has been raised

Please pray that the Lord will keep us safe and well as we serve Him. It is also our prayer that the Lord will continue His blessings on the Church.

Yours in Christ,

John Halsey  
International Representative Emeritus BIMI
